Beatmania Iidx 14 Gold Ps2 Iso Files Download well, there's still plenty of time before there's really much info about the final game, so for all we know maybe they will release internationally.. The thing is, Konami didn't support if the game have some corrupt files, or if suffer some problems with the drivers.. Impressed that there will be an official PC port soon Still I don't get what's the problem with going international with this though.
